BALKAN ALLIES DECLARE WAR WILL BE RESUMED WHEN TURKS REPLY TO NOTE OF THE POWERS

(By Associated Press)
CONSTANTINOPLE, Jan. 30.—The Turkish reply to the note of the European powers was presented today. The Turkish sovereignty of the islands in the Aegean sea is insisted upon.

UNDERWOOD WILL NOT URGE PROHIBITIVE TARIFF

(By Associated Press)
WASHINGTON, Jan. 30.—The sundry schedule of the tariff was again considered by the house committee on ways and means today. Most of the witnesses advocated the retention of the present tariff on the products of their industries. Chairman Underwood declared the present duty on harness and saddlery was too high. He said he was not going to write a prohibitive tariff.

HARRY CRESWELL VISITING HIS OLD STAMPING GROUND

FORMER DISTRICT ATTORNEY OF
NYE COUNTY RENEWING OLD
ACQUAINTANCES

Harry T. Creswell, a Nevada pioneer, now located in San Francisco and member of the law firm of Garber, Creswell and Garber, arrived from the north this morning to pay a visit to many of his old time friends and incidentally attend to a few business matters.

Creswell was district attorney of Nye county during the years 1874 and 1875. At that time the county seat was located at Belmont and the county was sparsely populated. In 1876 he was a candidate for the state senate from Lander county and served one term in the upper house. A number of years ago he removed to San Francisco and has continued to make the bay city his home.

In the old days the name of Harry Creswell was known to every household in southern and eastern Nevada, and to this date he is favorably remembered by many of the old timers. He came to southern Nevada during his youth and was first employed in the mines. Like many other old time lawyers, he studied law during his spare moments and after his admission to the bar his rise to prominence was rapid. He practiced in Nye, Lander and Lincoln counties and gained an enviable reputation. Today he is reckoned as one of the leading attorneys in California.

Creswell departs tomorrow morning for his coast home.

DOM OF CITY

(By Associated Press)
DUNDEE, Scotland, Jan. 30.—The well organized ranks of suffrage raised pandemonium today during the ceremony of conferring the freedom of the city on Premier Asquith. When the premier rose to acknowledge the honor cries of traitor filled the hall. The women were thrown out of the building amid cries of "You brutes." Sharp scurrilities marked the ejections.

CREDITORS OF BROKERAGE FIRM HOLD MEETING

MAY AFFECT SMALL SAVING
FROM LOCAL FIRM THAT
CLOSES DOORS

In the hope of effecting a saving from the loss incurred by the failure of F. B. Weir, the creditors held a meeting last night that lasted for several hours. The meeting was held at the brokerage office of J. C. Robertson and was well attended. It is planned to raise a certain amount in order to secure 5000 shares of Halifax stock now in possession of a San Francisco broker. Robertson has signified his willingness to obtain the stock for the creditors providing a stipulated sum is raised. A second meeting will be held tonight and it is believed the amount needed will be raised and the stock secured. Should the plans be carried out the creditors will effect a small saving, otherwise it appears that total losses will accrue.

SOCIALISTS DECLARE THEY WILL BAR ASSEMBLYMAN FROM PARTY; HE OPPOSED WOMANS SUFFRAGE

(By Hans Durel)
Special Correspondence
CARSON, Jan. 29.—The election of a United States senator by the legislature in joint session was the important business transacted by the state solons here today. Key Pittman of Tonopah, who was the choice when the ballots were cast the previous day, was formally declared senator by Lieutenant Governor Ross, president of the senate, who presided over the joint session. The new senator briefly addressed the session and after outlining his policies and calling attention to the manner in which the direct vote for senator was carried out in Nevada, thanked the legislature for the honor conferred.

Socialist Excommunicated
H. K. Davis of Winnemucca, elected to the assembly as an independent, and who is declared to be a member of the socialist party, has been outlawed by this party, owing to his vote being cast in opposition to the woman's suffrage amendment. Davis declares that he is a republican, although it is claimed he has a paid up card in the socialist's union. The Winnemucca socialists are up in arms and members of that party throughout the state are urging that he be cast out of the party.

Mothers' Pension Bill
Following closely upon the footsteps of California, a measure will shortly be introduced for the pensioning of mothers and children who are cared for by the various counties.

CONSOLIDATION AT MANHATTAN IS NOT CONSIDERED

ABSENCE OF REQUIRED NUMBER
OF SHARES PREVENTS AC-
TION ON MATTER

Plans for the consolidation of the White Caps Leasing company and the Associated Milling company of Manhattan were not considered at a special meeting of the stockholders yesterday in this city, owing to the absence of the required number of shares of stock. To have effected the consolidation would have required the affirmative vote of 575,000 shares of stock, or two-thirds of the entire stock issued. With but 475,000 shares present it was impossible to consider the question and the matter was not brought up.

The plan for the consolidation is best explained in the language of the notice sent the stockholders, which reads as follows:

That a new incorporation be formed of 2,500,000 shares non-assessable capital stock. That from this company the Dexter White Caps Mining company be paid 777,723 shares in exchange for the present outstanding stock of the company, share for share. That for the total equity in the Associated Milling company, 600,000 shares be apportioned. For the total equity in the White Caps Leasing company 250,000 shares be apportioned.

Following this plan, the new company will have 872,277 shares left in its treasury, to be used in the purchase of adjoining available properties and also to equip a large cash treasury fund from sale of treasury stock, to carry on extensive mining operations.

Anti-Lobby Bill
Kellher of Nye introduced a measure today that is aimed at lobbyists. The measure provides that all lobbyists must file a statement with the secretary of state, outlining the number of all bills that the agent intends to lobby for or against and at the end of the session a certified copy of all moneys expended in lobbying must be filed. This bill is also patterned after the laws now existing in other states. A similar measure two years ago was defeated in the assembly.

Woman's Suffrage Bill
Calmly reposing with the senate judiciary committee, the constitutional amendment providing for votes for women is now awaiting action in the upper house. The bill was received from the assembly today and after passing through the routine accorded bills, was referred to the committee on judiciary. Lobbyists for the measure declare that no trouble will be experienced in the upper house in securing the passage of the amendment, as it is claimed that 18 senators have orally pledged themselves in favor of the bill.

AMBULANCE FOR GENERAL SERVICE IS NOW IN USE

TONOPAH IS SECOND CITY IN
THE STATE TO BOAST OF
SUCH VEHICLE

For the first time in the history of Tonopah, this camp now boasts of a public ambulance. The vehicle arrived Tuesday from San Francisco and is now located at the Pioneer stables subject to call day and night. The ambulance was purchased through the efforts of Mrs. P. D. McLeod, who secured contributions to the extent of about \$400 from local business and mining men.

While in San Francisco several months ago Mrs. McLeod secured an option on the ambulance, which is one of modern design. It was owned by one of the leading hospitals and had been displaced from service by the advent of the auto ambulance. The price paid does not in any way represent the worth of the ambulance for a decided bargain was secured.

A charge of \$1.50 for a day call and \$2.50 for a night call will be made. This is exceedingly cheap for in San Francisco the charges are something like \$5 and \$7.50 for day and night calls respectively. Mrs. McLeod will make public the list of contributors in a few days, the names to be published in the Bonanza.

The ambulance was exhibited on the street yesterday and many favorable comments were heard upon its appearance. Heretofore the bus at the Pioneer stables has been used for the purpose of transferring sick and injured people and considerable discomfort was caused in handling a disabled patient. The discomfort will be entirely eliminated with the use of the new vehicle, and in cases where time is precious the wagon can travel at top speed with no severe jolting being felt by the occupant of the vehicle.

Frazer. Both were challenged peremptorily, leaving ten sworn jurors in the box.

(By Associated Press)
SAN FRANCISCO, Jan. 30.—The steam schooner Samon, wrecked at Point Reyes yesterday during a dense fog, is reported as breaking up rapidly. There is little hope of saving either the vessel or the cargo of lumber.

A copy of the bill introduced last week by Assemblyman Sullivan of White Pine county has been received at this office, the act being one relating to elections, and seeking to eradicate the faults that now exist. There are many features of the bill that commend themselves, and there are others that will probably never emerge from the committee pigeon hole. The act was referred to the committee on education. Some of the features of the act are as follows:

Candidates for nomination will not be allowed to expend in excess of 20 per cent of the first year's salary of the office which they seek.

No political party shall expend in any campaign a sum in excess of 20 per cent of the salaries of all state offices for one year, including also United States senator and representative in congress.

Every candidate for nomination or election, shall five days before and 15 days after, file a sworn statement with the secretary of state, county clerk or city clerk, detailing all expenditures made. Political committees shall also file statements as above. A severe penalty is provided for failure to comply with this provision.

No holder of public office, other than one filled by the voters, shall contribute to promote the nomination or election of any other person. No office holder shall be a delegate to any convention.

No person shall transfer a credential to a convention for money or any other valuable thing, or promise of office.

No person shall pay or offer reward to induce another person from being a candidate for office.

No corporation, its agents or officers, will be permitted to contribute to a campaign fund.

No candidate is allowed to make a bet on the result of an election in this state.

No candidate for office shall peddle or distribute cigars, liquors or confectionaries, nor shall any person do so in behalf of any candidate for office.

No publisher of a newspaper or periodical shall publish either in its advertising or reading columns any paid matter which is intended to defeat or injure any candidate, political party or organization, unless it is stated that it is a paid advertisement and bears the signature of the chairman, or secretary of the organization, or of the person responsible therefor. It shall also be unlawful to buy up an editorial column.

It shall also be unlawful to print or circulate any letter, circular, etc., relating to the election of any candidate, unless the same bears the name and address of the author, and the printer and publisher thereof.
